Trench Rescue Level 1

This Level 1 Trench Rescue Course is provided through the Ohio Fire Academy Close to Home series. Students will be exposed to the basics of trench rescue. Students will begin with the concrete trench training prop and finish with multiple live trench scenarios. Students learn various shoring techniques, hazard control scenarios, scene management, rescue vs. recovery operation, and termination procedures of a trench incident. Students must be in good physical condition. **Safety glasses, safety helmet (rescue style preferred), work style boots and rescue or work style gloves are necessary.** Clothing should be appropriate for outdoor evolutions regardless of weather conditions.

Dates and Locations:

August 12th & 13th classes will be held at the Wayne County Regional Training Facility Classroom and Trench Rescue Prop.

September 2nd & 3rd classes will be held at the Kidron Volunteer Fire Department with an open trench.

Time: 8:00 hrs. to 17:00 hrs.

Prerequisites: none

Class Size: Limit 20 students

To Register: email to kvfd702@gmail.com, Ref. Level 1 Trench Rescue Class, the names of the members attending the class and the registering Fire Department.

Hosted By: Kidron Volunteer Fire Department.
